

► William Way LGBT Community Center Renovation and Rejuvenation

WASHINGTON SQUARE WEST | SOCIAL SERVICES AND PRESERVATION

... renovating
and refreshing
to serve
today's LGBT
community

The William Way Community Center needed to evaluate options for renovation and expansion. The Collaborative organized an interdisciplinary volunteer design team, which developed a conceptual plan that replaces two inefficient rear wings of the Center's existing Colonial Revival building with a new, five-story addition – while preserving the front of the structure. New event and coworker spaces will better serve Philadelphia's diverse LGBT community and generate revenue for the Center. A glass exterior will open up views to a historic alley and sleek LGBT-friendly senior housing nearby.

VOLUNTEERS

KSS Architects LLP Vincent DiMaria | **Larsen & Landis** Michael Paul |
Materials Conservation Co, LLC John Carr | **The FGX Group** Frank Gallagher
Wallace Roberts & Todd Joe Salerno | Snezana Litvinovic | Nicholas Mobilia

VALUE OF SERVICES

\$52,180
